DIRECTOR'S NOTES

The idea started last summer when Bill McKinney mentioned the possibility of a 150th anthem. If an anthem, why not a song. If a song, why not a collection of songs. And so the notion of a musical was born.

Then some people started saying a very dangerous word: YES! Tonight is about people past and present who down through the years have said YES! to Craigville. It is put on by and for the people of our community. It is Craigville's YES! to you.
